DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Winston Hsu (Reg. No. 41,526) on April 10, 2007.

Regarding Claim 11, Replace the period "." at the end of the word network on last line of Claim 11, which is line 4 of Page 5 of the Claims, with **"; an interface controller for receiving the uplink data from the receive unit via the first and second interfaces and for transmitting the uplink data to the cellular communications network via the third interface; wherein the receive unit is serially connected to the transmit unit."**

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or show a baseband card for a base transceiver station of a cellular communications network comprising: **a transmit unit comprising: an interface controller for receiving the uplink data from the receive unit via the first and second interfaces and for transmitting the uplink data to the cellular communications network via the third interface; wherein the receive unit**

is serially connected to the transmit unit or a method comprising: connecting the transmit unit with the receive unit serially; the receive unit passing the uplink data to the transmit unit; and sending the uplink data to the cellular communications network by the transmit unit. Claims 1, 11, and 16 contain the above allowable subject matter and thus are allowable. All claims which depend directly or indirectly from Claims 1, 11, and 16 are allowable for the same reasons set forth above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
